

Blood Donor Collections Manager

Blood Donor Center

Massachusetts General Hospital, Harvard Medical School

The Massachusetts General Hospital Blood Donor Center is currently hiring a Collections Manager. The Donor Collections Manager is responsible for the organization and management of Donor Service In-House collection facilities, the Blood Donor Mobile Units and the Component Processing Laboratory, as well as, the implementation of policies and procedures, staffing and evaluation of all staff. The Donor Collections Manager has a primary reporting relationship to the Medical Director and a secondary reporting relationship to the Director of Operations, Lab and Molecular Medicine. The Donor Collections Manager is functionally responsible for coordinating clinical, educational, and administrative activities of the Blood Donor Center, Blood Donor Mobile Units, Apheresis Collections and the Component Processing Lab. The Donor Collections Manager is an extension of the Medical Director and works to ensure competent, compassionate care to the donors, and to their families. The Standards of Practice of the AABB and the Philosophy of the Blood Donor Center form the basis of such care.

The ideal candidate will have 3-5 years of supervisory experience in blood collection and bachelor's degree.
